Visit date

Rooms / visit notes

Before and during move-in

- ☐ Charge your phone and check available storage.
- ☐ Give each room a clear name and take an overview before unpacking.
- ☐ Photograph visible marks with a wider view and a close-up.
- ☐ Record supplied items and mark untested functions as not checked.
- ☐ Record accessible meter readings with their units and identifiers; count keys and fobs.

Before moving out

- ☐ Find the move-in record and keep today's notes separate.
- ☐ Photograph each room after removing belongings where possible.
- ☐ Record remaining items and surfaces you could not see.
- ☐ Note accessible meter readings and count keys prepared for return.
- ☐ Review dates and room labels, then save the final copy separately.

For useful photos and careful sharing

- ☐ Include the room context as well as the important detail.
- ☐ Check focus, lighting and reflections before leaving.
- ☐ Write the location and visible condition without guessing a cause.
- ☐ Keep original files separate from annotated copies.
- ☐ Check recipients, private details and possible location metadata before sharing.
